**Reception Trip Information**

Dear parents/ carers,

As discussed in our 'Meet the Teacher' sessions, please see below the details for trips and experiences this year. We would like to emphasise the importance of extra-curricular experiences, and the huge benefits that they have on early childhood development. In order to make the balance more manageable, you can make regular payments to ParentPay as and when you like.

We would welcome volunteers to accompany us on our trip days! We will put names in a hat to ensure that everyone has a fair chance at coming with us.

The prices below include the cost of admission and the cost of the coach. Please keep in mind that the cost of hiring a coach has increased.
