

Welcome

TO BEARS CLASS

Hello my name is Mrs Stringfellow and I am going to be your teacher in Nursery next year.

This is my fifth year at Sandringham Primary School and I am really looking forward to working in Nursery again this year. I have worked in lots of different year groups but I most enjoy working in the Early Years and leading the Early Years team. I love working at Sandringham because all the staff are friendly, positive and kind and we are very lucky to get to work with supportive families and wonderful children!

I love working with children and being a teacher. I love the moments when I see a child do something on their own for the first time and see the smile and joy on their face. Children are changing and growing and learning every day because of the experiences and environments they are in and the people they spend time with. It's a privilege to be a part of their journey and help to shape who they are and help them achieve their potential.

I enjoy creating a cosy, exciting and organised learning environment with lots of open-ended resources for exploring, creating and imagining! I love setting up play based activities both indoors and outdoors where children can lead their own play, build independence, be active and develop new language through lots of talk and interaction with adults. I love stories, songs and phonics time too! I love to see children enjoying their favourite stories, joining in with the words and learning to read themselves.

In my spare time I enjoy reading, walks and exploring, baking treats and cakes, adventure and relaxing holidays and watching cricket! I also love gardening, animals and the many other wonders of nature - especially in the sunshine. I am looking forward to finding out all about the children's interests and ideas and I can't wait to get to know them and play, learn and have fun together!
