

Welcome to Reception!

Hi!

My name is Miss Blakemore, and I am going to be your new teacher in Whale class! Our year together will be my fifth year at Sandringham Primary School, and I am so excited to be teaching in Reception again this year.

I know that we're going to have the best year together! I loved being at school when I was little, and I love it even more now that I get to be the teacher!

My favourite part of being in Reception is spending lots of time outside, and reading exciting stories in the reading corner.

When I'm not at school, I like to read, travel, try new foods, and spend time with my friends and family! I also love to spend time with my pets. I have a dog called Skye and a gecko called Kobi. I really love animals, which is why I was so excited when we hatched our own chicks in Reception last year. I can't wait to share that experience again with you this year!

Before we start our year together, I have a challenge for you. As our class constellation the whale, I wonder if you can do some fabulous home learning about whales?

Maybe you could learn a fact about whales? Or create some beautiful whale art? You could even get crafty with glue and glitter to create our constellation, 'Cetus', which is full of bright stars, just like our class!

I can't wait to see what you create!

Have a great summer! I'm so excited to hear all about it!

Miss Blakemore
